# Ludlam Elementary School 2008-2009

## every child. one voice.

National PTA lends a collective voice to children where they need to be heard: at home and school; in urban, rural, and suburban communities; and in our nation's capital. National PTA is committed to the safety, well-being and education of all children. Among our efforts, we strive to ensure:

- Every **child** has a parent/family member who is actively engaged in his or her life and education.
- Every **child** has the opportunity to learn in a classroom that isn't overcrowded
- Every **child** is provided an equitable and excellent public school education
- Every **child** is rest-assured that his or her school is safe and drug-free.

Becoming a PTA member means you're adding your voice to those working to make a difference in children's lives.

**You** are the kind of parent who would do anything for your child. And so would we. We are the National PTA, and we support better education, more resources and safer schools in the life of every child in every neighborhood. Join Ludlam Elementary PTA and experience the benefits of membership!

**Together**, we can continue to be a powerful voice for children and a strong advocate for public education. Please complete this form and return it along with your check payable to Ludlam PTA to the school office. (**Additional, voluntary contributions are also gratefully accepted.**) Thank you!
